ACKNOWLEDGMENT

This book is one of the products of a research program on happiness on the Erasmus University Rotterdam. Funds were provided by the Department of Sociology of that University and also by the Dutch Ministry of Social Affairs by means of allotment of assistance.

Several people assisted in excerpting reports and ordering the findings, among others: Peter Bakker, Rob Feuth, Hans Hordijk, Ton Jonkers, Gerrit van Kooten and Lies Kokee. Ton Jonkers, in particular, did a great deal. Technical advice was given by Lies Nuyten. The typework was done by Janet de Raad, Jeanne Hidskes and for the major part by Elly Graven. Sasqia Chin-Hon-Foei drew up the index.
